The Brazilian cartoonist is famous for creating the xkcd web comic in which he proves he is world's best mathematical mind. Cham joined xkcd's makers — Randall Munroe — in the summer of 2009 and started posting to the web comic about 2 years later. Cham's stories often revolve around deductive logic and self-referential jokes. Some people think he has a PhD in pure logic. We talked to him about how he started writing, the xkcd release schedule and more. Do you remember the first time you thought "Oh, my God, I am starting to write"? Yeah. It's pretty hard to pinpoint. But the first time was always the same. I got a paper from high school, and I'm supposed to start working on it right after I get it. So I did, and I was really scared to see what it
